MYSTERY OF PRIMARIES MURDER IN COLORADO DREW A BIG VOTE IN COUNTY

An All Night Search Did Not Develop a Single Clew to Slayers of Two Families at Colorado Springs.

BURNHAM CAN PROVE HE IS NOT GUILTY

Sanitarium Officials and Employees Maintain That He Was in His Room All Night as They Heard Him Cough.

(By Evening Herald A. P. Leased Wire)

Colorado Springs, Colo., Sept. 21.—

The night and day map disengaged the mystery surrounding the murder of Mrs. Alice May Burnham and her two children and Henry F. and Blanche Wallace and their associates, all found senseless bodies near Colorado Springs yesterday afternoon and whose probable joint death late Sunday night or early Monday morning, Arthur J. Burnham, husband of the murdered Mrs. Burnham, was last explored at the Modem Woodman sanitarium, is still in custody. He maintains his innocence and declares that he was at the sanitarium at the time of the crime.

Officers at the sanitarium where Burnham is confined passed that they can account for his movements during the period in which the murders must have been committed.

The sanitarium is 12 miles from the city and is reached only by private conveyances. The management of the home say that none of its girls were out during the night, and they declare that Burnham is too feeble a man to walk such distances. He was forced confinement in his room during the night.

A feature which identifies the killer is the fact that the murderer made his exit from both houses by a window. He entered the Burnham home by opening a rear window which he knew over, and entered the Waynesome home by unlocking the rear door with a skeleton key.

A chemical and microscopic examination of spots on Burnham's shoes and clothing, which resemble dried human blood, will be made today in the city chemist. A rag with which the murderer wiped his hands and the handle of the ax with which he slew his victims has been found saturated with blood.

The Burnhams came originally from Maryland, Md., where the bodies will be sent tonight.

BANK OF ENGLAND

RAISES ITS RATES

(By Evening Herald A. P. Leased Wire)

London, Sept. 21.—The Bank of England raised its discount rate from three to four per cent today, a week earlier than last week, in order to protect its reserves against possible unexpected demands before the usual autumn gold shipments are thoroughly under way.

ALL THERE IS TO IT.

Albuquerque, N. Mex., Sept. 21.—Before becoming heated in an argument over the Bernadillo incident, right remember three things:

If Frank Hubbard were to die today, the script would go on just as merrily as before.

If W. H. Gillemeyer were to be sent to Siberia for ten years, the national right would was as warm as ever before.

But if the Albuquerque Morning Journal were to agree to be reasonable, the right would smother down to nothing; the fires would quickly burn themselves out. The Journal furnishes the wind that fans the fuel, and certain rival business interests fanned the fire.

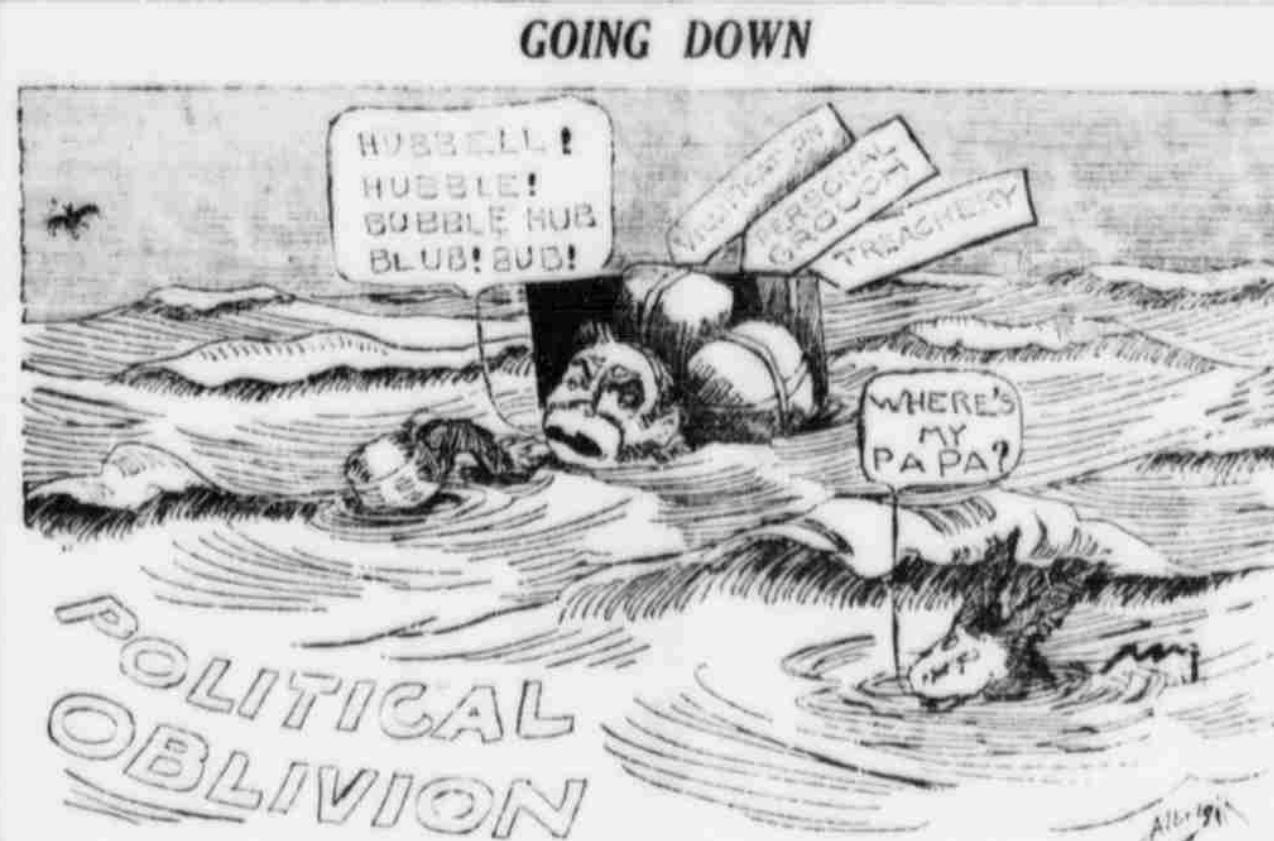

That is all there is to the Bernadillo country right, although a good many well meaning and zealous people have been led to believe that it is a fight between good and bad government; between angels and devils; between right and wrong.

But the men who instigated the right, who are keeping up the fight are doing it for selfish purposes and not for principle.

BOYHOOD FACTS NOT FULLY RECALLED

(By Evening Herald A. P. Leased Wire)

Niles, Mich., Sept. 21.—Only muddled recollections resulted today from a conference which Mrs. Bettina Kimmel had with the man who represents himself to be George A. Kimmel, her son, who Mrs. Kimmel says died years ago.

After carefully questioning the man the aged woman said she was as much in doubt as ever. The newcomer's hands and facial expression were not only not like those of her son, but radically different, she said.

Yet she could not account for many early incidents in Niles which he recited.

The fact that Kimmel has just secured his liberty after being confined five years in the penitentiary at Auburn, N. Y., Mrs. Kimmel thinks, may account for his poor memory in other details.

But, she added, "we cannot let that cover up all the defects in his claim that he is my son. I don't see the slightest resemblance, and while he remembers lots of things about Niles still he is deficient in trying to recall exact dates in family history."

His physical characteristics are all opposed to his claims. I am anxious to recognize him if he is my son, but I regard it as equally important to protect myself against imposture."

People in Arkansas City, Kan., and St. Louis, where Mrs. Kimmel's son lived after leaving Niles, sent her telegrams and letters today advising her not to accept Kimmel as her son.

ARMY FEELS HIGH COST OF LIVING

Brigadier General Tasker Declares That Meat Is Cent a Pound Higher Than a Year Ago.

(By Evening Herald A. P. Leased Wire)

Washington, Sept. 21.—The checked cost of living has brought forth alarm from the army.

King, then Tasker H. Bliss, commanding the department of California, has called the attention of the war department to the fact that the prices of fresh meats continue to grow. For the fiscal year 1912 the increase in prices for these meats which are purchased by contract, he says, approximates one cent per pound higher than the contracts made for the same grade of meats during the previous year.
